

# HOSTS INTERNATIONAL EXCHANGE PROGRAMME WITH UNIVERSITY STUDENTS

This is an exciting, interactive programme using international students as tour assistants (TA) for student groups visiting London. This programme is a very popular and is educationally exciting and rewarding, giving students the opportunity to practice their English and hear about first hand experiences about being a student in the capital city.

The students or school has the opportunity to request their own programme or we will arrange an exciting programme given the students. Previous options have included students with a cultural interest who were taken to London's main sightseeing places, students interested in sports were taken to the famous Wembley Stadium and Arsenal's Emirates Stadium. Entrance tickets to any locations are not included in the price.

The tours and programme are usually using public transport in central London but coach trips can also be arranged.
